Cybersecurity Professional & Director – Cyber Analysis Directorate

PROFILE

Cybersecurity professional with extensive expertise in incident response, malware analysis, and digital forensics. Director of the Cyber Analysis Directorate, leading Threat Intelligence, Purple Team adversary simulation, and dark web investigations to protect Albania's national critical infrastructure. Certified ISO 27001 Lead Auditor, Ethical Hacker (Master), CCISO, and Threat Hunter, with hands-on experience in SIEM, OSINT, and ICS security. **Technical Lead – NATO Cyber Coalition & Locked Shields 2024–2025–2026.**

- 1ST Place – Global Cyber Drill GISEC 2024 (108 countries)
- 1ST Place – Western Balkans Live-Fire Cybersecurity Exercise 2025
- 1ST Place – Western Balkans Cyber Drill

WORK EXPERIENCE

Cyber Security Consultant

Axiom Breach

June 2024 – Present

- Adversary simulation, penetration testing, advanced TTPs, threat intelligence, threat hunting, and incident response to assess and enhance organizational security posture.

Head of Cyber Security Analysis / Director

National Authority for Cyber Security – Tirana, Albania

July 2024 – Present

- Conducted advanced malware analysis and forensics to strengthen national security.
- Directed Threat Intelligence operations and coordinated NATO cyber exercises.
- Implemented the National Security Operations Center (NSOC) and CSIRT Albania, integrating open-source tools (ELK, Security Onion, Wazuh, MISP) and commercial technologies (Microsoft Azure, Microsoft Sentinel).
- Trainer of the Trainers – Western Balkans Critical Infrastructure Operators.
- Technical Lead – NATO Cyber Coalition & Locked Shields 2024–2025–2026.

Head of Malware Analysis & Digital Forensics (Purple Team)

National Authority for Cyber Security – Tirana, Albania

April 2023 – July 2024

- Investigated national-level cyber incidents, identifying sources, methods, and preventing future attacks.
- Led Purple Team exercises with adversary simulation to test and improve defense capabilities.
- Conducted malware analysis and digital forensics to track attackers and strengthen security.

Cybersecurity Trainer

Protik | CyberTiranaAL3 Program

Sep 2023 – June 2024

- Delivered hands-on trainings, CTFs, and cyber drills in Red Team vs. Blue Team scenarios: Linux for Hackers, OSINT & Social Engineering, SIEM/IDS/IPS/EDR, Advanced Pentesting, Web Application Pentesting, and TryHackMe labs.

Incident Response Specialist

National Authority for Cyber Security – Tirana, Albania

July 2019 – April 2023

- Monitored, analyzed, and responded to cyber threats and incidents.
- Conducted audits in CII ensuring compliance with ISO/IEC 27001.
- Provided expertise to CII in mitigating vulnerabilities and defending against emerging threats.

SKILLS

- Incident Response & CSIRT Management
- Malware Analysis & Reverse Engineering
- Digital Forensics
- Threat Intelligence (SocRadar, Recorded Future, Luminar, ReSecurity)
- Purple Team / Adversary Simulation
- Penetration Testing
- SIEM / IDS / IPS / EDR
- Microsoft Sentinel & Microsoft Defender for Endpoint
- OSINT & Dark Web Investigation
- Vulnerability Assessment
- ICS / OT Security
- Information Security Management (ISO 27001)

EDUCATION

Master's Degree – Information and Communication Technology

University of Tirana | 2018 – 2020

Bachelor's Degree – Information and Communication Technology

University of Tirana | 2015 – 2018

CERTIFICATIONS

- Certified Ethical Hacker Master (CEH Master) – EC-Council
- Certified Chief Information Security Officer (CCISO) – EC-Council (ECC3296470851)
- OffSec Threat Hunter (OSTH) – Offensive Security (139732112)
- Certified Threat Intelligence Analyst v2 (CTIA) – EC-Council (ECC9670528134)
- EC-Council Certified Incident Handler (ECIH) – EC-Council (ECC8567940312)
- Computer Hacking Forensic Investigator (CHFI) – EC-Council (ECC3601745982)
- CompTIA Security+ ce – CompTIA (COMP00122143091)
- ISO/IEC 27001 Lead Auditor – PECB (ISLA1123395-2024-02)
- Industrial Control System ICS Cybersecurity Lab 301L – CISA
